

Aerosol Containers

Empty containers can be discarded with household trash. If contents are non-hazardous, spray outdoors into cardboard box allowing contents to dry.

Automotive

Anti-Freeze – Accepted at the Town of Clifton Park (TOCP) Transfer Station.

Automotive Fluids – Brake Fluid, Power Steering, Transmission Fluid are accepted at the TOCP Transfer Station.

Diesel & Kerosene – Accepted at the TOCP Transfer Station, or next Household Hazardous Waste Day.

Gasoline – Save for the next Household Hazardous Waste Day.

Used Oil – Accepted at the TOCP Transfer Station, and major auto stores.

Batteries

Alkaline - If the (AAA, AA, C, D) battery were purchased after 1992 it can be discarded with household trash.

Automotive – Automotive battery retailers have been required to accept automotive lead-acid batteries. Also, can be brought over to the scrap metal section at the TOCP Transfer Station.

Button / Watch - To be disposed at the next Household Hazardous Waste Day.

Lithium - To be disposed at the next Household Hazardous Waste Day.

Rechargeable - Retailers that sell rechargeable batteries are required to accept used rechargeable batteries from consumers.

Driveway Sealers

If the label says it contains petroleum distillates or coal tar then bring to the next Household Hazardous Waste Day. If it does not contain either contaminants then dry out and dispose in ordinary trash. The TOCP Transfer Station accepts empty driveway sealer buckets.

Electronics, Computer Components & Televisions

The TOCP Transfer Station accepts most computer components and accessories. Older Cathode Ray Tubes TV's are accepted with a fee. See web page: <http://www.cliftonpark.org/index.php/2-uncategorised/91-electronic-recycling> for further details.

Fire Extinguishers

Fully discharged fire extinguishers can be brought over to the scrap metal section at the TOCP Transfer Station.

Household Cleaners – nontoxic or corrosive materials

Best to be used as directed on packaging or as most mentioned items in this flier, give to a friend / neighbor that can use it.

Gas Cylinders

Need to be completely empty. Can be brought over to the scrap metal section at TOCP Transfer Station.

Lights

Compact Fluorescent Lights (CFL) - Recycled with local hardware store or at place of purchase.

Fluorescent Light Tubes - Can be brought to Wolberg Lighting Design & Electric Supply – 35 Industrial Park Road, Albany where they will collect for a fee. Otherwise save for the next Household Hazardous Waste Day.

Incandescent Bulbs - Manufactured after 1978 can be thrown out in household trash.

Mercury Thermostats

Homeowners can bring their mercury thermostats to Thermal Environment Sales, Inc., 11 Sitterly Road, Clifton Park.

Paint

Aerosol – Should be saved for the next Household Hazardous Waste Day.

Latex – Leftover paint can be hardened with mixing cat litter or by purchasing a paint hardener at a local hardware store. When solidified can be disposed with other household trash, however, the lids should remain off.

Oil-base – Save for the next Household Hazardous Waste Day.

Pesticides

Save for the next Household Hazardous Waste Day.

Prescription Drugs

The DEA organizes bi-annual medication take-back day, usually in April and October. For times and locations see: https://www.deadiversion.usdoj.gov/drug_disposal/takeback/

Sharps

Bring used needles to Seton Health at Schuyler Ridge Residential Healthcare – 1 Abele Drive, Clifton Park NY on Wednesdays 9:00 AM – 2:30 PM.

Smoke Alarms

Manufacturers are now accepting smoke alarms for recycling, see package for instructions. If not see <https://www.curieservices.com/product-category/homeowner/> for other recycle options.

Swimming Pool Chemicals

Save for the next Household Hazardous Waste Day.

Thinners / Strippers

Save for the next Household Hazardous Waste Day.

Tires

When purchasing new tires, the old tires can be left at the retail store. However, the retailer will usually charge a nominal fee to cover the disposal costs. The TOCP Transfer Station accepts tires for a fee.

Other items to save for the next Household Hazardous Waste Day.

Toxic or corrosive cleaning materials, Metal polish, wood polishes, waxes, mothballs, septic tank cleaners, and drain openers.

What is **not** accepted at the Household Hazardous Waste Day?

Explosives, alkaline batteries, ammunition, asbestos, bulk metal, construction and demolition debris, empty containers, empty paint cans, empty aerosol cans, empty refrigerant cans, empty propane tanks, unserviceable extinguishers, household medical waste, latex paint, radioactive material, rechargeable batteries, smoke detectors, tires, used oil, and electrical items.
